**DESCRIPTION**

Part of the Automne Collection by Larose Guyon, the Valse au Crepuscule Suspension draws from, and gives back to, nature. An exquisite celebration of nature in all its splendor and its inimitable wonders, Automne is a collection that highlights the intricate compositions of elemental forms. Otherworldly, the delicate and the bold, imbued with artistic vision and elevated with noble materials, strike a chord of timeless luxury and refinement. With this ethereal collection, design, nature, and skill collide to create three exclusive sculptural works of 16 limited edition pieces that fuse art with function and evoke the delicate art form of sublime jewelry. Meticulously handcrafted, each design is painstakingly brought to life with unparalleled mastery and ingenuity for a breathtaking mesmerizing result. Crafted of the finest materials - Brushed 24K Gold plated solid brass, brass fiber leaves and gold plated solid brass chains with Alabaster White glass shades. Larose Guyon is committed to allocating a portion of its profits to planting 1000 trees for each purchase of the Automne collection. That means a total of 50,000 trees will be planted once the collection is sold out. Each owner of Larose Guyon's Automne collection will be able to decide where the trees will be planted, in one of the many parts of the world where One Tree Planted is active. Larose Guyon will provide official documents certifying that One Tree Planted has completed the work.
