Beta Glass Pendant Shade By Melogranoblu

Description

Part of the Hydra Collection, the streamlined Beta Pendant features Transparent or Frosted handblown ruled glass, acting as diffusers for recessed lights. Available with a metallic mesh cord in a variety of colors. The glass pendant itself is not illuminated. An illuminated multi-port canopy, inner light element, or recessed lighting system is required for illumination, sold separately. With Beta it is possible to create countless light configurations suitable for all architectural interiors. Beta suspensions look most striking when placed in a group. Handmade in Italy.

Shown in silver mesh / transparent
