## Lambda Glass Pendant Shade By Melogranoblu

## Description

Part of the Hydra Collection, the Lambda
Pendant lives with a simplicity dancing between
design and applied art. Available with a
Transparent or Frosted handblown glass shade
and a metallic mesh cord in a variety of colors. The
glass pendant itself is not illuminated. An
illuminated multi-port canopy or recessed
lighting system is required for illumination, sold
separately. With Lambda it is possible to create
countless light configurations suitable for all
architectural interiors. Lambda suspensions look
most striking when placed in a group. Handmade
in Italy.

Shown in copper mesh / transparent
