Sigma Glass Pendant Shade

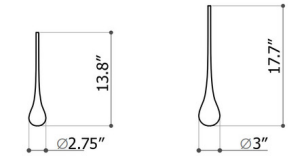

By Melogranoblu

Description

Part of the Hydra Collection, the drop-like Sigma Pendant lives with a simplicity dancing between design and applied art. Available with a Frosted or Transparent handblown glass shade and a metallic mesh cord in a variety of colors. The glass pendant itself is not illuminated. An illuminated multi-port canopy, inner light element, or recessed lighting system is required for illumination, sold separately. With Sigma it is possible to create countless light configurations suitable for all architectural interiors. Sigma suspensions look most striking when placed in a group. Handmade in Italy.

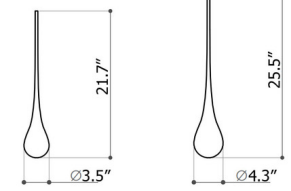

Shown in brown mesh / frosted
