NH Floor Lamp

By Artemide

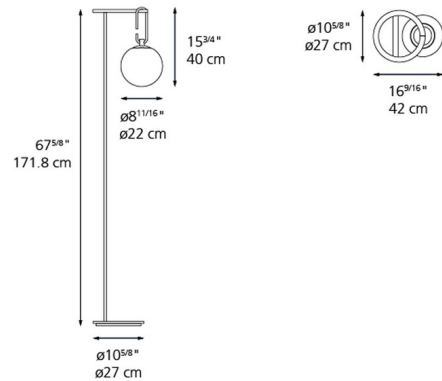

Description

The NH Floor Lamp by Artemide, a thoughtful design by Neri&Hu, transcends typical floor lighting, offering a dynamic interplay of materials, form, and luminous presence. This piece brings a touch of refined artistry to your living space, making it both a source of ambient light and a striking decorative element. Poised elegantly, a single White Glass globe seems to float, gently softening the emitted light to create a comforting and diffused glow that enhances the atmosphere. This luminous sphere is artfully attached by a slender Brass hook to a sleek Black Metal frame, a composition that highlights a sophisticated contrast. The integrated in-line dimmer control allows you to effortlessly tailor the light intensity, from a soft accent to a more pronounced illumination, suiting any mood or task. Made in Italy, the NH Floor Lamp exudes sleek sophistication, making it an ideal, versatile addition to any Contemporary interior.
