NH S3 Two Arm Pendant

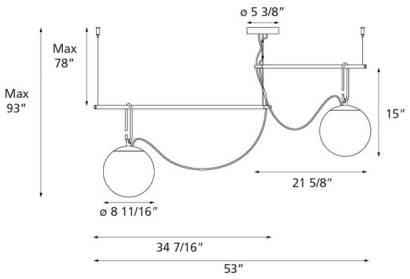

By Artemide

Description

The NH S3 Two Arm Pendant by Artemide, a brilliant collaboration with Neri&Hu, is a captivating exploration of the subtle dance between detail, material, and light. This fixture elevates beyond mere illumination, presenting a balanced and artful composition that creates a compelling visual narrative in any space. Suspended gracefully in the air, a pair of pristine White Glass globes emit a gently softened light, creating an inviting and warm ambiance. These luminous spheres are elegantly cradled by delicate Brass hooks that, in turn, are poised on a sleek Black Metal frame. The interplay of the crisp glass, rich brass, and stark black metal creates a sophisticated contrast that speaks to modern sensibilities. Crafted with precision in Italy, this pendant embodies sleek sophistication, seamlessly integrating into any Contemporary interior to provide both illumination and a refined design statement.

Shown in black / white
