NH S4 Circular Chandelier

By Artemide

Description

The NH S4 Circular Chandelier by Artemide, thoughtfully designed by Neri&Hu, delves into the fascinating interplay of materials, form, and light, creating a harmonious and elegant suspended composition. This chandelier is a testament to minimalist beauty, where every element contributes to a sophisticated visual and luminous experience. Gracefully suspended in a circular arrangement, several pristine White Glass globes emit a gently softened light, creating a warm and inviting atmosphere. These luminous orbs are elegantly attached by delicate Brass hooks onto a sleek Black Metal frame, forming a timeless circular silhouette that is both classic and distinctly modern. The meticulous craftsmanship, evident in the interplay of the brass, glass, and metal, showcases its Italian origin. As a UL listed fixture made in Italy, the NH Circular Chandelier epitomizes sleek sophistication, making it an ideal, refined addition to any Contemporary interior, enriching dining spaces, living rooms, or foyers with its understated elegance.
