Last Order Portable Table Lamp By FLOS

Description

Step into a world where ancient form meets modern innovation with the Flos Last Order Portable Table Lamp. This captivating rechargeable lamp is a brilliant reinterpretation of a classical architectural column, designed to diffuse light through its exquisitely crafted transparent solid or subtly fluted base. Charging conveniently via a USB-C charger, the Last Order offers unparalleled freedom to illuminate any space, indoors or out. Control over your ambiance is effortless with its intuitive three-step dimmer, allowing you to switch between 100%, 50%, and 3% light intensity. For immediate low-level lighting, a unique Night shift mode instantly dims the lamp to 3% when you press and hold the optical sensor. Depending on your chosen dimming level, the built-in battery provides impressive illumination for anywhere between 6 and 24 hours. Notably, the Stainless Steel and Matte Green versions are Wet rated, offering exceptional versatility for both indoor and outdoor use, making this portable luminaire a truly adaptable and enduring piece of design.
