## Poldina Rechargeable Wall Sconce With Bracket

By Zafferano America

### Description

The Poldina Portable Wall Sconce With Bracket presents the latest word in wall-mounted lighting. Smooth-sided aluminum extends a stem from the small wall plate, suspending rechargeable LED lamping set under a flared shade at the center of an open ring. The illumination provided is potent, though somewhat eased by a polycarbonate diffuser, and is able to function for 10 hours per charge. Charging time approximately 6-8 hours. The lamp's color temperature can be switched between 2200K, 2700K and 3000K (234-251-256 lumens). Touch dimmer. Suitable for indoor/outdoor (IP54) use. The magnetic head can be removed from the body to allow for convenient charging with included contact charging base.

### Specifications

COLOR . . . . . N/A
