Vanishing Point 24VDC Dual Cable System for Drywall

By PureEdge Lighting

Description

The Vanishing Point 24VDC Dual Grip Jack Connection System for Drywall allows a Pure Edge Linear Dual end feed coaxial cable to disappear into the ceiling (Dynamic Tunable White Systems, Linear Up Down Lights, and Dual Feed Modular, BIY, and MIYO systems). Designed for plaster-in drywall applications. The VR features no visible canopy line - just the two small points of connection where the cables disappear into the ceiling. ETL listed. Title 24 compliant. > Note: Note: Required 24VDC remote Universal (UNI) power supply sold separately. Note: Non-power cable grip for drywall sold separately.
