Link Pendant By LZF

Description

The Link Suspension appears exceptionally dashing in its stacked wood veneer Mobius strips. In mathematics, the Mobius strip is a surface with one continuous side, meaning the Link light is not only handsome, but discerning too. With its billowy, cloud-like structure, Link is decidedly easy on the eye. Punctiliously crafted, the lamp's floating form is a clever illustration of wood's significant potential in lighting design. Canopy: 4.5 inch diameter
