Cestita Alubat Portable Table Lamp

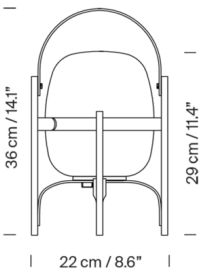

By Santa & Cole

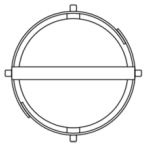

Description

The Cestita Alubat Table Lamp features an aluminum structure and closed balloon like shape that holds the integrated LED module. The lamp's handle allows it to be easily carried and placed wherever additional light is needed, both indoors and out. Includes an incorporated switch the lets you cycle through three power levels as well as a charger. The battery takes 6.5 hours to fully charge and can last 5 hours on high, 12 hours on medium, and 24 hours on minimum power. The IP65 rating allows for a degree of water resistance, but it is recommended to bring the lamp indoors when not in use to prevent damage.

Shown in black / white opal
